### NEW YEAR'S RESOLUTION IDEAS

Whenever a new beginning comes, our plans have to be reviewed, and written down to make your New Year's resolutions. Here are few ideas:

#### Plan ambitious objectives in the New Year

Give yourself a raise in your business - figure on getting up to 15% more clients; add new content to your web site; launch some new products; or propose new actions and activities.

#### Learn something new

No one is stopping you: learn something new at all times. Settle on an ambitious plan like learning a new foreign language or personal development through different learning courses.

#### Ask for a promotion

Make sure your talent is used at its maximum and that you are given the possibility to do as many things as you wish. If you feel this isn't going the way you wish it would, then ask for the promotion that can bring you more responsibilities. And if you think you've earned it, ask for a raise too.

#### Send positive vibrations

Don't live in a rut. Two sad and old plants, a grey desk in the middle of a sad décor ... change things around so you can breathe easily. Add some color spots here and there, like a colored painting, a plant with happy flowers or a decorative desk vase.

"It is literally true that you can succeed best and quickest by helping others to succeed."

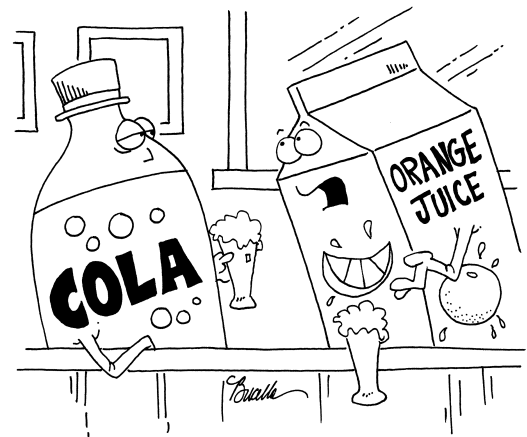

- *Napoleon Hill*

"Too many of us are not living our dreams because we are living our fears."

- *Les Brown*

"The worst of all deceptions is self-deception."

- *Plato*

"I am not lactose intolerant! Some of my best friends are dairy-based products."

## Horoscope

**ARIES:** You're more willing than usual to just hide. Nothing wrong with that -- other people are in a better position to get their own stuff done now. Give yourself some space for refreshment and revitalization.  
**PISCES:** Things are a bit fuzzier for you, so see if you can just agree with whatever the status quo is for as long as it takes for your rational mind to kick back into gear.  
**CANCER:** Sometimes it's hard time picking between two equally terrible options - like right now. Still, you have to say no to someone or something perfectly lovely.  
**LEO:** Something weird is happening down deep in the details of your situation. Look for inside dirt from a friend in the know or use your intuition to pick up a clue!  
**SCORPIO:** Your energy levels are peaking right now -- it's easier than ever to get stuff done. You ought to be able to pull off that one big score very soon.  
**LIBRA:** Take a deeper dive into life now -- things are going your way. Move quickly and you can be sure of success.  
**SAGITTARIUS:** Your mind is spinning, which could mean that you're adrift -- but don't panic! You may find yourself stumbling into something really good.  
**TAURUS:** Now is the time for intense, close relationships -- family, romance and very old friendships. Your energy is just right to commit or re-commit to someone, so let them know how you really feel.  
**GEMINI:** You need to figure out all the angles now -- otherwise, who can say how many mistakes you make? Take all the time you need to think and figure out what has to come next for you.  
**VIRGO:** Sometimes you have to listen to your heart -- because it's screaming at you! Your emotions are driving you in a new direction and it should be good for you.  
**CAPRICORN:** Don't despair -- you've got friends who can help you out in a big way. See if at least one of them has a spare moment to hear out your plans. That should be all it takes to get the ball rolling!  
**AQUARIUS:** Your career path is back in question -- but this time, it's for a good reason. You may feel the urge to try something new in an effort to be more socially useful. Explore this new way!

## The Lighter Side...

### The Magician and the Parrot

A magician worked on a cruise ship in the Caribbean. The audience would be different each week, so the magician did the same tricks each week. However, there was a problem - the captain's parrot saw the shows each week and began to understand how the magician did every trick. Once he understood, he started shouting out the secrets in the middle of the show:

"Look, it's not the same hat."

"Look, he is hiding the flowers under the table."

"Hey, why are all the cards the Ace of Spades?"

The magician was furious but couldn't do anything; it was, after all, the captain's parrot.

One day the ship had an accident and sank. The magician found himself, with the parrot, adrift on a piece of wood in the middle of the ocean.

They stared at each other with hatred, but did not utter a word. This went on for a day, then another, and another.

Finally, after a week the parrot said, "OK, I give up. Where the heck is the boat?"
